MEMORANDUM TOR: Director, Budget, Program Analysis and Manpower

SUBJECT

: Sureau of the Sudget Circular A-55, "Reporting on Motor Vehicle Heet"

Your attention is invited to the 155 page report which has been assiduously prepared by the Office of I ogistics in mute compliance with the subject circular. The burden of this three pound report is that the Agency has vehicles plus rented vehicles world-wide. Careful examination will reveal how many vehicles meet the age standard for replacement and how many meet the mileage standard. It is hoped that your influence can prevail in alleviating the Agency from this particular exercise.
